

## WALDSEE 1944

### international group exhibition

The exhibition of works by Hungarian and international artists at the 2B Gallery is a tribute to the 565,000 Hungarian Jews who perished in World War II. The unanswered letters from 1944, Auschwitz turn into postcards with the help of the artists. The project started in 2004 and has been steadily growing with many new works since then. We will exhibit the works of 110 artists upon the 70<sup>th</sup> anniversary of the Holocaust.
